Palletization

Piece dimensions	Tail part: width 78mm * length 240mm * depth 40mm Claws part: width 118mm * length 240mm * depth 40mm		
Net weight per bag	140g to 170g	Gross weight per bag:	152g to 182g
Nb of pieces per masterbox	25 pieces		
Masterbox Dimensions	400mmx300mmx160mm		
Net weight per masterbox	3,4 to 4,25kg	Gross weight per masterbox:	3.8kg to 4.55kg
Nb of parcels per layer	8		
Nb of layers per pallet	10		
Nb of masterbox per pallet	80		
Nb of pieces per pallet	2000		
Pallet dimensions	Europe standard 800mmx1200mm		
Pallet net weight	Around 310kg	Gross weight per pallet:	Around 334kg

Labelling: GMO - Ionized ingredients - Allergens - Nanomaterials

GMO	Absence
Ionized ingredients	Absence
Nanomaterials	Absence
Allergens	Molluscs, possible traces of crustaceans and fishes
