Microbiological comment

There are no microbiological limits stated in European Legislation for raw (fresh or frozen) fish products. This is stated in the Hygienic Regulation (No. 2073/2005) of the European Commission. The above stated microbiological standards are for quality indication only and can in no way be a legal ground for rejection of the delivered product. Microbiological or chemical analyses on a certain product should be done on minimal 5 separately and independently chosen samples.
